Fees and Charges

The following fees and charges information is applicable only to Australian students.

Rules relating to fees and charges have been set by the Victorian Government and cannot be varied. Securing Jobs for Your Future - Skills for Victoria, the Victorian Government’s Skills Statement, is providing $316 million in new funding to create over 170,000 new training places, upgrade TAFE facilities and deliver more flexibility for individuals, employers and training providers.

The Victorian Government Training Guarantee supports students by offering education and training fee subsidies for eligible students. This means that if you are eligible, most of the cost of your training will be covered by the Victorian Government. Fee subsidies can apply to students studying independently or to students studying as part of workplace training.

The Victorian Government also provides support for students by providing a fee loan scheme for students studying diplomas and advanced diplomas (VET FEE-HELP) to defer fee payment in certain circumstances. Refer to Fee Assistance link below.

Bendigo TAFE also complies with the VET Tuition Assurance requirements under the Higher Education Support Act 2003, which protect students in the event that Bendigo TAFE ceases to
provide a VET course of study in which the student is enrolled. Refer to the Statement of VET Tuition Assurance link for more details.
