Gipps TAFE

What is GippsTAFE?

GippsTAFE (Central Gippsland Institute of TAFE) is one of Victoria's largest regional TAFE Institutes. As a multi-disciplined educational provider, GippsTAFE provides more than 300 courses to over 12,000 students every year.

Located in the Gippsland region of Victoria, Australia's largest power producing centre, we have developed a strong focus in training for the energy, mining and telecommunications industries. But our expertise doesn't stop there. We offer a wide variety of training options in many different areas, from nursing to music or beauty therapy.

Our campuses are located in Leongatha, Morwell, Yallourn and Warragul, as well as a metropolitan campus in Chadstone which primarily services the utility sectors of electricity, gas and telecommunications.

We have partnered with other institutions including Monash University, Apprenticeships Group Australia (AGA), Kurnai Secondary College and Latrobe City, to establish the Gippsland Education Precinct (GEP), a unique collaborative partnership, based at Monash University Campus, Churchill. At GippsTAFE, we pride ourselves on being a customer-focused organisation dedicated to providing quality-driven, responsive vocational education and training products and services.

Along with our focus on customer satisfaction, our strategic direction places great emphasis on the building and nurturing of relationships within industry. This approach has seen us become widely recognised throughout the Gippsland region as a significant contributor to the growth and economic prosperity of the community.

Our training expertise has led to project work with large and small companies throughout Australia and South East Asia. We conduct training wherever and whenever it best suits our clients.

Alliances

At GippsTAFE, we believe that the TAFE sector offers potential students a huge host of benefits. High quality training, expert staff, industry standard facilities, nationally recognised qualifications and a focus on practical career skills all contribute to a dynamic learning environment designed for student success.

In the Gippsland region, GippsTAFE has partnered a number of other Institutes who share our commitment to the TAFE difference - quality training, higher education opportunities and real employment outcomes. These alliances enable us to provide the local community, business and industry with even better solutions for skills development.

By working together, we can reduce the duplication of services, maximise our resources and capitalise our strengths. This approach results in sharing staff expertise, skills, knowledge, resources, facilities and technological infrastructure, leading to more opportunities for students.
GippsTAFE and Monash University Alliance

This new partnership between Monash University and GippsTAFE is set to help overcome regional barriers to education, and create more opportunities for more people in Gippsland to study at university.

The Memorandum of Understanding, signed in October 2010, establishes new links between TAFE and university study. It will see the introduction of new pathways between TAFE and university, and guaranteed articulation for TAFE graduates wanting to extend their learning at university. With a focus on courses that meet local workforce needs, the MoU will play an important part of meeting government objectives to increase regional participation in education.

Southern and Coastal TAFE Alliance

The Southern and Coastal TAFE Alliance is a partnership between the Bass Coast Campus of Chisholm Institute and the Leongatha Campus of GippsTAFE. Formed in 2006, the Alliance offers the people South Gippsland and Bass Coast access to the largest range of accredited training as well as unique opportunities through the Skills Development Guide and Excellerate! program range.

GippsTAFE and Ballarat University

GippsTAFE has a formal agreement with the University of Ballarat to ensure we offer our students more opportunities for further study. If you are looking to expand your skills and enhance your qualifications, new pathways between GippsTAFE and the University of Ballarat can help you achieve your goals faster.

Our innovative TAFE-University pathways program provides:

- Guaranteed credit to some of the University of Ballarat’s most popular degree programs
- Recognised credit for studies at TAFE, reducing the length of time to complete a degree
• Reducing the burden of studying away from home – saving students valuable time and money
• The opportunity to gain both practical experience and theoretical knowledge over the course of study.
