About the institute
Metropolitan South Institute of TAFE gives students practical knowledge by putting them in real life industry settings. The institute operates on campus working restaurants, salons and nurseries that are open to the public. Our students use their innovative ideas to work with industry clients to develop resources and products that really work. The institute believes that doing is as important as knowing.

With over 400 programs delivered across ten campuses Metropolitan South Institute of TAFE can help you create the future career you have always wanted.

Campuses
Campuses are located at:
