The Mick Young Scholarship Trust is a national fundraising initiative that gives financially disadvantaged students the chance to complete their education at universities, TAFEs and colleges right across Australia.
The Mick Young Scholarship Trust is a splendid symbol of everything Mick stood for - practical, effective, modest, helping Australians, doing good without fuss or fanfare but with real and lasting benefit. That was what Mick Young was all about. He lives on through the Mick Young Scholarship Trust – not just in our hearts and memories but as a living force and example, reminding us always that being Labor is not only about fighting for the cause and serving the people – but a lot of fun besides.
